Final Capstone Project : Analisis between Lima (Peru) and Santiago (Chile)

I will use data from foursquare to compare both citys, and finally I will decide If how is live in Santiago considering education, places where I can spend my time and food are the same.

Data from INEI Peru

https://www.inei.gob.pe/prensa/noticias/lima-alberga-9-millones-320-mil-habitantes-al-2018-10521/

Data from INE Chile

https://www.emol.com/noticias/Nacional/2017/08/31/873382/Resultados-preliminares-del-Censo-2017-Poblacion-en-Chile-llega-a-17373831.html

Data from Foursquare

_Get data from FourSqueare for Lima Peru and analyze Neighborhood with their education venues, food venues and venues where I can spend time.

_Get data from FourSqueare for Santiago from Chile and analyze Neighborhood with their education venues, food venues and venues where I can spend time.
